

# Custom Manufactured Parts (Specials)

*More than stock fasteners & hardware.  
All the parts you need... when you need them!*

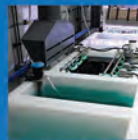

## Single-Source Manufacturing

BW Industrial Sales can provide you with the custom manufactured parts and accessories that you need to efficiently manufacture your products, as cost-effectively and with the highest quality required. You provide the drawing (or a part) and we can establish costs for both short and long term needs.

Experience world-class, single-source lean manufacturing from BW Industrial, where we execute and manage all phases of the custom manufacturing process - from initial print/reverse engineering, through manufacture, finish and quality inspection.

We can help you lower costs on your 'SPECIALS' parts requirements.
